## Not Just Good Shorthorns BUT SOME OF THE VERY BEST

In 14 years, Mid-Kansas Shorthorn Association members have built this twice-annual event into one that is recognized widely as one of the best places in America to buy quality registered Shorthorn bulls and females. There is plenty of backing for this statement if you will just take the time to check what is selling in this sale. Included is the 1959 Missouri State Fair Grand Champion Bull, several other 1st prize winners at leading State Fairs, and sons and daughters of what are generally recognized as some of the top bulls in the Shorthorn breeding business in the country today.

All these consignors have a future at stake in the success of these semi-annual events and that is why several of them have dug deep in their herds to 'once again assure a top quality offering.

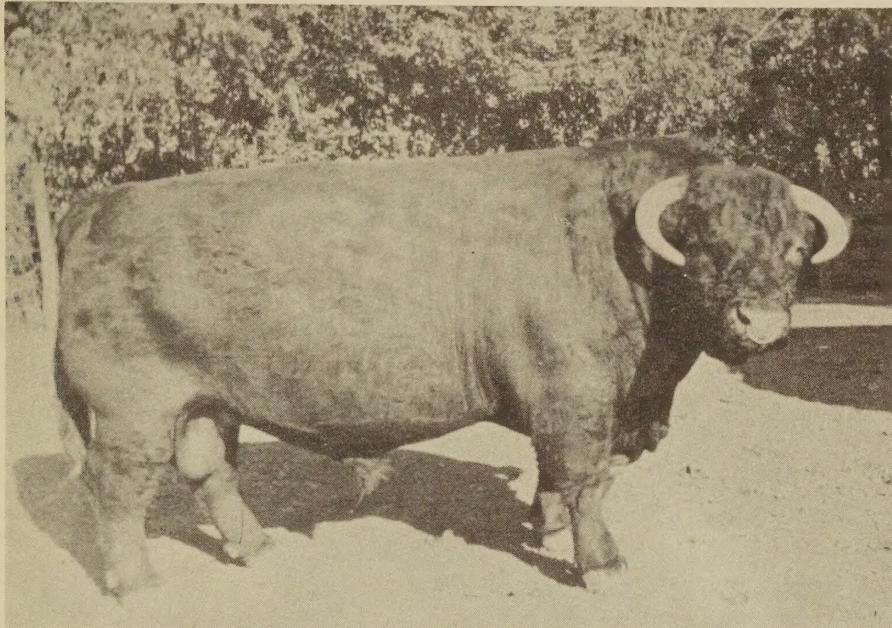

It's definitely a bull offering where registered breeders, farmers and ranchers can fill their needs with quality, singly or in volume. This is one of the finest female offerings, also, ever made at Salina. You will note that there are several groups of young females, enough of them sired by one bull that outstanding foundation groups can be purchased. The offering is also well divided between cows with calves at foot, and bred and open heifers.

We would like to call your attention, also, to the big Kansas Shorthorn Feeder Calf Sale that will be held here at Salina on the day before, October 14th. One thousand head of Shorthorn steer and heifer calves will be auctioned. Plan to spend October 14th and 15th in Salina for outstanding commercial and registered Shorthorn values.

**CLAYMORE JUGGLER** - shown here in an unretouched amateur photo taken in August of 1959. Here is definitely one of the very best sons of the International grand champion, Killearn Max Juggler, and he's sound and a sure breeder. He has been used in one of the very small herds in Kansas and someone who would really like to get ahead in the Shorthorn business fast, could buy this bull and use him to good advantage.

**CLAYMORE JUGGLER** - Many good cattlemen have said that this is the best bull ever sired by the International Grand Champion, Killearn Max Juggler. His dam, Countess Selma 7th, produced more herd bulls for Claymore Farms than any cow they ever owned. He is as sure a breeder as you will find and there is no reason to believe but what he will work well for several years, as he has never been abused; has been used only on about 15 cows a year since we bought him in 1951. We are down to the place now where we are breeding granddaughters to him. We will guarantee anyone that they will never own a bull with a better disposition.

Here's a good-headed, thick, deep-bodied, bulging quartered, short-legged bull with plenty of scale and substance. His sire, S F Whipper, is proving to be one of the greatest breeding sons of the \$35,000 Leveldale Basis. There have been few better producing Shorthorn cows in the business than his dam, Orchard Crocus 5th. She produced S F Imperial Pride, champion bull at the Missouri State Fair in 1956. She produced S F Laddie Basis 4th, champion bull at the 1957 Missouri and Nebraska State Fairs. She also produced S F Conqueror, grand champion bull at the Topeka State Fair in 1957 and senior champion at the 1958 Iowa and Topeka Fairs. He's entered as a sale attraction and we think there will be few better ones sold anyplace this fall.
